# Inspired by THE SUN AND SEA

Coastline Reflects by: Charles & Nicole Gillick from Davines

Nicole and Charles have been licensed stylists for more than 30 years and salon owners for 20. They firmly believe in educating at the highest level. Both spend their days out of the salon educating in other salons throughout the United States as Davines North America Education Team members.

Their passion for bettering the lives of those seeking a career in salon industry, drives them to provide exceptional education experiences unlike any currently being offered in the industry. The two have spent the last 8 years developing programs like Reinventing Beauty to help stylists, owners, and clients to all come together to make a positive impact in our world. Charles and Nicole feel blessed to spend every day working as a part of this beautiful industry that touches so many lives!

#### **Coastline Reflects**

Inspired by the sun and sea, Coastline Reflects is our newest

collection from Davines Hair Art Director, Tom Connell. Featuring four unique color services and eight distinct styling options, this collection gives you everything you need to achieve a bespoke look for every client in your chair. Learn about two exclusive color techniques, Freemaping and Freescaping, along with the game-changing new Davines Color Blending Brush.
